

*About the speaker* – Ken McCarthy has over 35 years of experience, primarily related to coating, at Polaroid and most recently at Multilayer Coating Technologies LLC until it closed in November, 2007. Since then, he has formed a consulting service, Clean Room Coating Solutions. His areas of expertise include coating fluid mix preparation and delivery, coating operations, clean room operations, coating applicator design, environmental management, and new product development. In addition, he has extensive experience in new product translation, from laboratory through scale-up into full-scale manufacturing.
